New Apples, Plums and Peaches, Watermelon, Canteloupe Coming.

## Don't Get Sunburned

A light application of NYAL FACE CREAM before exposure will effectively prevent Sunburn, Tan and Skin Irritation.

This delightful, refreshing Cream also soothes and heals inflamed skin, dries in quickly leaving no trace, and makes face powder adhere better. You'll like

### NYAL'S FACE POWDER

### CHAMPION DRUG CO.

Druggists and Chemists.

Friday @ Saturday  
JULY 17-18

### Hot, Dry Weather Damages Crop

The past ten days has been particularly trying for grain of all kinds and fields where there was any fault in the preparation for crop were almost eliminated as a factor in the possible yield. The intense heat was the outstanding cause, rather than lack of moisture, several days giving almost record temperatures and warm winds. The effect at large is hard to estimate. A considerable acreage which up to a few days ago promised good returns will scarcely be cut, while many fields which still look very promising will provide returns much below what was anticipated. Rain and cooler weather is badly needed in all parts of the district, while the immediate vicinity of the town seems to be rather more badly off than further out.

Saturday and Monday were the two worst days in the past week, there being a decided decrease in the temperature since Monday, the nights in particular being cool. Present indications are all for continued dry and warm weather.

The heat wave has not been confined to Alberta by any means but has been general all over the continent.

Miss Thelma Williamson left for Banff on Tuesday evening.

## Oh, You Mothers!

We were thinking of you when we purchased several dozen Overalls suitable for boys and girls, ages from 5 to 12 years. Just the garment for these warm days, and the price is away down—

**\$1.45 per suit.**

### Canvas Shoes

For men and boys, all sizes still in stock and every pair reduced in price.

### FLIT

The best FLY SPRAY on the market. This is a product of Standard Oil Co. and we know it is the best fly killer of all. One bottle will convince you.

### CAMPBELL'S

"Where They All Go."  
GROCERIES.  
MEN'S WEAR.

## "PONJOLA"

Friday @ Saturday  
JULY 17-18

The story of a woman who masqueraded as a man for love! Who lived as a man—did as a man—but loved as a woman. A mystery, strange, fascinating—the mystery of South Africa—its heat maddening days on the veldt—in Kaffirland, where the bold nights on the kopje—whether the bold adventures from the ends of the earth—men, women to woo chance, to gamble to flirt, to risk all, even life, for gold, for diamonds to bedeck mink—where every koppie drops into man's trials, that holds them in the trail—that they love her, that they hate her, that they flee but to which they ever return—Cynthia Stockley's amazing romance of Paris and South Africa in which a woman masquerades as a man to save the man she loves, hell bent for destruction by another's falsity

COMING WEDNESDAY, JULY 22nd, GLORIA SWANSON IN "HER LOVE STORY."  
COMING FRIDAY AND SATURDAY, JULY 24-25, "SACKCLOTH AND SCARLET." WITH ALICE TERRY.

### Big Ball Game Saturnay Evening

There will be a real ball game here on Saturday evening, commencing at 6:30, when the Lethbridge Cubs and Champion will play. The Lethbridge team plays good ball and an effort should be made to secure a good turnout for this occasion. Harvest is approaching rapidly and baseball games are nearly over for this season. Don't miss this opportunity.

Vulcan Wins  
From Lethbridge

Vulcan was well represented at the Vulcan-Lethbridge ball games on Saturday, which is more than can be said of Vulcan and district. Vulcan won both games, the first by 2-1 and the second by 9-7. "Red" Stewart was umpire and got away with some rather raw stuff, which was not in favor of Lethbridge. The Vulcan team was playing real ball but, if Saturday's attendance was any gauge, are not receiving much encouragement from their own territory.

J. Fred Scott  
Breaks Leg

J. Fred Scott had the misfortune to break his leg on Saturday last and as a consequence will not be in his Champion office until 30th. Meantime he is handling his office work and any communications addressed to him at Bank of Montreal Building, Calgary, will receive prompt attention.

W.I. Bake Sale  
On Saturday

Members of the W. I. will please keep in mind the bake sale to be held in Hoskins' store July 18, at 8 o'clock. There will be ice cream for sale. You are invited to visit this booth.

A. Kramer received two carloads of Star cars recently.

The Ladies' Aid meet to-day (Thursday) at Mrs. E. Caldwell's.

O for a thousand tongues to complain about this awful heat.

Big baseball game Saturday at 6:30—Lethbridge vs Champion.

Born—On Friday, July 10th, to Mr. and Mrs. J. D. Goodnight, a daughter.

A. H. Postman has moved back to the premises beside U. G. Anderson's billiard room.

W. Eller is expected back from a two weeks holiday spent in northern Alberta shortly.

The school board is calling for tenders for work on the school building and teacher's residence.

The liquor control board is certainly taking its time in considering the application for license for the Savoy hotel.

## EVERYTHING IN HARDWARE!

The man on the land may rely on securing anything he may need in the Hardware Line at this store. Everything has been anticipated in the complete stock we carry.

## The Chronicle.

# THE CHRONICLE, CHAMPION, ALBERTA.

Dakotas and a  
er the country has  
ing again. It is but a  
the perfect crop to a very  
one.

The struggle over railway rates con-  
tinues to absorb considerable interest.  
Manitoba and Saskatchewan, without  
a western outlet, are the most in-  
terested of the western provinces.

Election rumors seem to be among  
the seasonal commodities discussed in  
addition to the heat, earthquakes,  
and the Ban-Scopes controversy.—  
Lethbridge Herald.

During the month of June a total of  
111 homesteads were taken at the fer-  
eillard office at Edmonton, which is  
the best month's business since July, 1923.

## NEWS NOTES

The corner stone of a new Lutheran  
College to cost a quarter of a million  
dollars was laid in Edmonton the past  
week.

Southern Alberta's wool clip this  
season, will reach one million pounds,  
with a total value of \$250,000. It is esti-  
mated.

Total attendance at Calgary's big  
stampede and jubilee the past week  
reached more than 50,000. Visitors  
from all parts of the continent were  
in attendance, including many special  
writers and motion picture men to  
mark the celebration of the fiftieth  
anniversary of the establishment of  
Fort Calgary by mounted police. A  
historical pageant more than five  
miles long was the opening feature of  
the jubilee.

Another large gas well was brought  
in the past week in the Viking field  
East of Edmonton, with a production  
approaching ten million cubic feet  
daily. The well will be turned in with  
the others serving the city of Edmonton.

Activities in the gas fields south of  
Calgary will include the construction  
shortly of a "scrubbing" plant to  
eliminate odors from the gas being  
brought into Calgary, the construction  
of another ten-inch gas line from the  
Turner field into Calgary, and the  
possible introduction of an industrial  
rate for the use of gas.

## The Country Newspaper

Up through my office window came  
the city's ceaseless din: I just had passed a moment when the  
evening mail came in—

A pile of business letters and the  
news of the world.

Of wars and murders, fires and  
wrecks, or anything I choose.  
I east them one by one aside and  
Yound them until they all  
A homely country paper, blurred of  
ink and somewhat small,  
That drew my full attention to its  
columns up and down...

The little weekly paper that they  
print in my home town.

This country paper always tells of  
things in quiet tone:

It deals not with the outside world  
but topics all its own:

It tells about the folks who visit in  
and out of town:

That meat is soaring upward or that  
eggs are going down:

That some old chum has married or a  
life long friend has died:

The stock has paid a visit and two  
hearts are swelled with pride:

This paper strikes a tender chord  
when far away you roam:

For one is always glad to hear what's  
going on at home.

It's short on punctuation and in  
spelling I admit:

Some letters, too, are upside down

—It's smeared with ink a bit.

It's face is worn and haggard and the  
news is mostly late,

Sometimes because the make up man  
forgets to change the date,

It's welcome to my office, for it  
brings me joy and rest.

It lets me live an hour each week  
with friends that I have lost.

It brings a homesick feeling, and,  
I'm happy to confess,

I was once their printer's devil—  
settling type and feedin' press.

—Fred Keller Dix.

## J. FRED SCOTT LL.B.

Barrister, Solicitor, Notary Pub-  
lic, of Bank of Montreal Building  
Calgary, will be in Champion every  
Thursday afternoon and evening, in  
Savoy Hotel building.

## A Want Advt. Will Do It!

THURSDAY, JULY 16, 1925

## NOTES AND COMMENT.

Earthquake shocks seem to be in  
season. Montana was visited by ser-  
eral little ones recently.

The last government crop report  
has been amended by listing portions  
of the province where insufficient rain  
had fallen. These areas will likely be  
increased by the weather conditions  
of the past two weeks.

Even at the risk of having impas-  
sible ditches on both sides of main  
street everyone is wishing for a real  
heavy rain—at least this is the situa-  
tion at the week-end.

The Dominion government esti-  
mates the wheat yield for this year at  
205,000,000 bushels, 100,000,000 bushels  
more than in 1924. This will be a fine  
thing if it comes off.

The Calgary stampede has come  
and gone with the greatest attendance  
on record. The attendance from  
Champion is said to have been larger  
than in any previous year.

It was interesting to watch the  
women who bet on the horses at yes-  
terday's races. From the eccentric  
little dapper who had won \$2,000 and  
wanted to "treat" her party to lemon-  
ade, to the modish woman who had  
risked a couple of hundred on her  
favorite, they seemed to get more real  
"kick" out of it than the men.—Cal-  
gary Albertan.

The past ten days has provided a  
further illustration of the difficulty of  
sowing grain on ground not properly  
prepared. Stubble sown wheat and  
poor summerfallow simply faded away  
in the hot weather while other fields  
suffered little damage.

The situation with regard to weeds  
seems to be at a more or less of a  
deadlock in this vicinity. The very  
magnitude of the operations necessary  
for their destruction is appalling to  
anyone conversant with the size of  
the job.

A Winnipeg organization has offered  
to complete the Hudson's Bay rail-  
way if given the port already built.  
This offer was made by the Dominion  
government to the provinces affected  
but whether it will be accepted from a  
private company is doubtful.

The statement that the new miners'  
organization in The Pass has a reddish  
tinge, comes with ill grace from sup-  
porters of the U. M. W. of A. The  
acting president of the local branch of  
the old organization could hardly be  
classed as ily white, and he was not  
lonesome for want of company. It  
would appear to be a case of sour  
grapes coupled with the non-arrival of  
monthly salary cheques that is really  
at the bottom of the trouble with the  
disgruntled ex-members of the U. M. W.  
of A.—Coleman Journal.

Is there another Russian loan from  
Great Britain in the offing in the large  
order for British goods placed by the  
Soviet, as in the famous proposed  
loan for paying for British goods by  
money borrowed from Great Britain,  
which helped to oust the Labor Gov-  
ernment? The Soviet Government  
have a habit of thinking that they  
can hoodwink the world.—Lethbridge  
Herald.

# Assisting Agriculture By The Selection Of New And Better Varieties Of Wheat

About the year 1842, David Rice, farming in Oanabee, Canada west—New Ontario—procured from a friend in Glasgow, Scotland, some seed wheat. The Selectman asked Mr. Rice, "Mr. Rice did not know it, but this wheat had been part of a cargo from Danzig, a Russian wheat, not grown in Scotland and of course unknown in Canada." Mr. Rice had the looks of a man who had a large acreage from his first year's crop.

This wheat did not exceptionally well on Mr. Rice's farm that neighbors wanted to grow it and called the wheat "Red Fife." The wheat was the single variety all over Canada and the northern states until Marquis, a daughter of Red Fife, pushed her part out of the wheat throne.

For a number of years in the Saskatchewan district, noticed a great variety of some unnamed variety which seemed to him so much superior to the rest of the crop that he secured a quantity of the seed and gave it to the Selectman. The Selectman, David Gerhart, is dead, but the man, which outyielded any crop grown on the university farm, will preserve Gerhart's memory and his public spirit.

These two men were farmers with the scientific point of view and the contribution they made to agriculture was very great, but there was something accidental and fortuitous about the varieties which they became public benefactors.

At the University of Saskatchewan thousands upon thousands of crosses have been made with wheat for the purpose of development. If properly selected, wheat will not only withstand the east and west wind, in addition, have the good qualities of Marquis wheat. Some of these crosses have been quite resistant to several strains of rust. This is not enough for the individuals who are interested in the experiments. They keep on hunting for fresh strains of rust and if any are found which attack the new wheat, it is eighty and a hundredfold deteriorated unless it is possible to find a way to be rid of further crosses. Some day either at the University of Saskatchewan or at some other university, a rust resistant wheat will be developed which will not only be the best wheat ever made, but the country for all and more than all that it would take to run all our universities for the next hundred years.

## Yellow Corn As Chick Feed

**Gives More Nutrition Than Any Other Grain**

Heads and vitamins A, two factors in chick nutrition, are present in yellow corn to a greater degree than any of the grains commonly used. Hence yellow corn can be used extensively in chick feeding with every assurance of success. Oats, barley, wheat, white corn and corn meal, are all good for chickens, but they are not now considered in the same class as yellow corn when used as chick feeds. A ration made up of eighty pounds of yellow corn meal, twenty pounds white corn meal, five pounds pearl grit, and one pound salt mixed as a mash and fed from hopper or pan, will give excellent results providing liberal quantities of skim milk and clean fresh water are also supplied. Direct sunlight will complete it.

## Agriculture In Saskatchewan

**Agricultural Products In 1924 Were Valued At \$281,992,000**

By far the largest industry in Saskatchewan, is agriculture. In 1924 the products of agriculture in Saskatchewan were valued at \$281,992,000. The following consisted of the following:

Field Crops ..... \$27,216,000  
Farm animals ..... 13,989,000  
Wool ..... 162,000  
Dairies ..... 2,000,000  
Fruit and vegetables ..... 1,200,000  
Poultry and eggs ..... 8,774,000  
Clover and grass seed ..... 120,000  
The gross agricultural wealth of the province in 1924 was \$1,682,473,000, of which the following items were: Land, \$671,42,000; buildings, \$21,528,000; implements, \$176,678,000; livestock, \$134,516,000.

### No Favoritism

Mr. —"Dad, Mary is already 21 years old and ought to get married."

"Take your time, let her wait for the right man."

Mrs. (futurously)—"What? Why should she?" I didn't.

Latin ceased to be spoken as a language of the people of Italy about 651.

## Long Service On Farms

### Remarkable Records of Veteran Hired Men in England

A great crowd from all parts of the country, and the county show at Beaumaris, North Wales, was the annual array of old men who represent the Association's premiums for long service growing on farms. This year there were 14 with periods of service ranging from 50 to 65 years and 15 others with 40 to 50 years' service on the same farm.

John Morris, who was 55 years old, started at Great Bradley Hall, Stowmarket, was not well enough to travel, but Thomas Vincent, 62 years on H. S. Buck's farm, near Didsbury, was present and in spirits good.

## Leads In Better Making

### Manitoba Scores High in Winning Sweepsstakes

Manitoba leads all the western provinces in better making.

This year it is Belmont Creamery, Belmont, Manitoba, that wins the sweepsstakes for the highest aggregate score in the 1924 Dominion competition.

The score is 264.2, and the second with a score of 260.2, and Edmonton Pure Butter Company, Edmonton, with a score of 259.2.

The third and fourth are Brandon Butter Company, Brandon, Manitoba, with a score of 254.5, and the fourth is the Manitoba Peony Farm, Brandon, with a score of 253.5.

It is the first time that Brandon has won the sweepsstakes.

WORLD HAPPENINGS  
BRIEFLY TOLD

A rumor that Sir James Craig was to resign as premier of the new Irish Government is officially denied.

The Bank of England has bought £465,000 in bar gold. It has also received £1,000,000 from Holland and £411,340 from Sweden.

There were 215 accidents reported on Canadian railways during the month of May, resulting in 37 deaths and 233 persons injured. No passengers were killed, but 27 were injured.

The Post-Canada Canal, a \$100,000,000 debt for the government, during the fiscal year ended June 30, the treasury department announces.

Three hundred thousand persons are homeless as a result of floods in east and west Gaeltacht, according to a Pacific dispatch to the London Daily News.

Lossing control of his aeroplane while flying over Curtis Field, Mineola, N.Y., Leroy Dibrow, 23, of Richmond Hill, N.Y., was 800 feet to earth and was killed.

King George received Ignace Jan Paderewski, the Polish pianist, at Buckingham Palace recently and conferred upon him the order of Knight Grand Cross of the British Empire.

Border trades between the Soviets and Poland have been suspended.

Border trades between the Soviets and Russia, Minister M. Walent, who complained that a Polish guard in Valdai had entered Soviet territory and burned a Soviet border post.

Sir Robert Whigham, who was formerly in the Canadian army and had a fine record in Egypt at Alamein, Khartoum, has been appointed a colonel of the Royal Warwickshire regiment.

## Broads Eskimo Program

McMillan Northern Expedition Will Attempt Something New

Radio messages from the Arctic region have been brought to civilization, but not by the human voice. When the McMillan navy expedition's transatlantic radio station was up within 11 degrees of the North Pole, it is the ambition of Eugene F. McDonald, Jr., chief of radio with the party, to give listeners a native Eskimo program as well as have the voice records which the expedition is seeing and doing.

It was an undertaking in which there was not much confidence, because it had never been tried and only the most experienced men could make last year when radio was first tried in the Arctic. From that experience, however, and since low wave length equipment has been highly developed for this expedition, the chance of voice transmitting was considerably increased.

## Estimates For Defence

Appropriations of Twelve Million Passes House of Commons

Estimates of the cost of national defence, totaling \$12,000,000, passed the House of Commons in committee. The chief opposition came when the vote for cadet services was under discussion. The amount passed, however, was the same as the previous year, \$1,800,000; the non-military vote, \$1,880,000; the Imperial war grants commission, \$475,000; and adjustment of war claims, \$425,000.

A bill, introduced in the supplementary estimates for artillery services brought an amendment by Robert Forke, that the amount be reduced. The amendment was lost in division.

## Seek To Reduce Losses

Livestock Loss Prevention Association Formed In Ohio

With the hope of saving some of the millions of dollars of loss sustained from the stock market by the farmers, feeders and shippers of livestock in Ohio have formed a Livestock Loss Prevention Association. At least 50 per cent of such losses are preventable, according to officials of the organization. The association's ability is about equally divided between producers and the railways. Building from rough handling, both in loading and in the car, is noted as a serious item.

## Paris Sends Soviet

Russia's Soviets still is refusing to recognize Ambassador and Mme. Krassins of Soviet Russia. Mme. Krassins recently tried to give a tea, but none of the invited guests attended.

An attempt will be made to raise large numbers of zebras in Scotland and England. Twenty-three of the animals recently arrived in England.

W. N. U. 1285

## Prince

## May Visit West This Fall

H.R.H. Accepts Invitation to Join Noss Hunt at Niagara

The Prince of Wales will again be a visitor to Canada in the fall, is hinted in a communication from one of his secretaries.

Nipigon, Ontario, spokesman's representative of the Canadian National Railways. It appears that Mr. McDougall sent an invitation to His Royal Highness, which takes place in the fall, and the reply states that the Prince of Wales would be delighted to join the hunt and that he would certainly call Niagara on his way back, which he hoped would be "near enough."

The letter concluded with a jocular remark that the Prince trusted Mr. McDougall would not endeavor to "marry him off." This has some reference to the recent proposal between them. Mr. McDougall became acquainted with the Prince of Wales about a year ago, when the heir to the throne received his first lessons in catching the speckled trout in the Nipigon River.

## Rushed Cargoes To Avoid Custom Duties

## Aeroplanes and Steamers Made Fast

Trips From Paris to London

Cargoes of foodstuffs destined for England were rushed to England last week. They came through the air and over the water. Aeroplanes after aeroplanes swooped to earth and steamer after steamer made port all day for Canadian ports. The system of preferences running from 60 to 75 per cent, the arrangement affords a wider market for all kinds of Canadian produce and practically all manner of foodstuffs.

On the first day of July when the reduced McKenna duties took effect, the customs house at the London airport at Croydon was the final point of the flight of racing sailors. All day long, flying boats and aeroplanes left Croydon for Paris in response to urgent wireless messages.

Both freight and passenger machines were used in a desperate fight with time. All day they arrived with cargoes from France, Belgium and Switzerland.

One machine alone landed with a ton of gold watches. A special aeroplane stood by at Zurich while the factories worked overtime to complete the orders for watches.

## Medical Supplies For Deep Sea Fishermen

## Yacht Has Been Fitted Out For Trip To Labrador

Booted for Labrador a yacht of 9 tons, only 40 ft. long, named "Sister," came to London from Southampton on Queenston, and later set sail for St. John's, Newfoundland. She carries medical supplies and other necessary to deep sea fishermen along 600 miles of Labrador coast.

John Kirk, her commander, who was wounded at Zeebrugge, stated that the yacht had been fitted out for Dr. W. T. Grenfell by the Royal National Mission to Deep Sea Fishermen.

Dr. Grenfell will join his yacht at St. John's as medical chief of the expedition. It is planned to establish medical stations and to attend to the needs of the community and also to obtain information on navigation in the creeks and to make a survey of the northwest river, where nobody had ever been. The party may be away two years.

## Earl Haig In Canada

## Solids May Birth of Empire Great Field Marches

At the annual conference of the British Empire Service League held in Ottawa recently, an organization of ex-soldiers and sailors from 100 countries, delegates from most of the countries, namely, Great Britain, the Irish Free State, Northern Ireland, Australia, New Zealand, Canada, South Africa, Canada, Rhodesia, Malaya, and New Zealand, the conference was presided over by Field Marshal Earl Haig, who was commander-in-chief of the British armies for the greater part of the war. The American Legion was represented at the conference by Commander Dran, head of the legion.

Quebecs Heart to Birthplace

Lieut.-Col. L. C. Amer, secretary of the Quebec Legion, residing in the British House of Commons, in Ottawa, had not received any official communication from the Canadian Government on the subject.

Armistice Ended

Silence and his young wife had just completed their first quarrel, when I wish I was too," he sobbed. "Then I don't wish I was," and the war continued.

Four quarts of peanuts taken to the temple of the Brahma memorial at Hedge End, England, to the memory of yachts killed in the Great War, is to be found the smallest model yacht in the world. It weighs three grains, and is not as long as a man's thumb.

## Treaty With

## West Indies

May To Some Extent Decrease Cost Of Living

The Prince of Wales will again be a visitor to Canada in the fall, is hinted in a communication from one of his secretaries.

Nipigon, Ontario, spokesman's representative of the Canadian National Railways. It appears that Mr. McDougall sent an invitation to His Royal Highness, which takes place in the fall, and the reply states that the Prince of Wales would be delighted to join the hunt and that he would certainly call Niagara on his way back, which he hoped would be "near enough."

The letter concluded with a jocular remark that the Prince trusted Mr. McDougall would not endeavor to "marry him off."

This treaty means big business for the West Indies, which are suffering. Their most prosperous periods were the days when the West Indian trade was carried on by sailing vessels. For some years, owing to increased costs of transportation, most of the traffic has gone through United States ports for transhipment. The improved character of the vessel called for by the contract, the greater frequency of sailings, and the extent of the routes, promises this business for Canadian ports.

Big Engineer Overalls, Pants etc., in profusion.

Our line of Gloves cannot be beaten anywhere, either for quality or price.

## Gunder Nerison

Around the Corner from Depus'

#### Local and General

Found—Necklace with ornament set with seed pearls. Appear at Chronicler office.

R. M. Callison of Seattle, father of Mrs. Frank Hardisty, and uncle of Vincent McClure, is visiting here.

The Women's Institute met Tuesday at the home of Mrs. P. M. Patterson. There was a large attendance.

John Marilas relieved Leo on Monday morning, the latter leaving at once on shoulder trip through the mountains.

The bobbed hair squad was reinforced this week considerably and this community is now approaching 100 per cent. bobs.

Mr. and Mrs. Jas. Ellis are enjoying themselves immensely in Scotland, according to a letter received this week by W. Ellis.

If Champion had a crowd of visitors as often as the citizens visit elsewhere there would be some compensation for the stay-at-homes.

Frank Johnson, who spent the summer at Kimberley, B.C., returned to Champion on Wednesday and will remain here during the fall.

E. Kilen, who has resided here during the baseball season, left for Lethbridge last week and will pitch the remainder of the season for that team.

A considerable quantity of weeds have been cut in the village recently, the improvement in appearances being quite noticeable.

The front of the Long Louis Cafe was painted this week, which with inside improvements brings this restaurant right up to date.

By an error in this office the names of Mr. and Mrs. Otto Miller were omitted from the orders of wreaths for Mrs. Palmer's funeral.

Word received from Mr. and Mrs. W. C. Hoskins indicate an exceptionally pleasant trip down the lakes on their way to Brookville, Ont.

The Alston picnic took place on Friday beginning at one o'clock. This event promises to be well worth attending as the programme is a good one.

Geo. Mark, after attending the Calgary stampede and Medicine Hat, returned from the latter point on Tuesday. He was accompanied by Mrs. Mark, who will visit friends in this vicinity for a time.

Mr. and Mrs. F. Lovegrove and family were visitors here on Sunday with the latter's mother and brothers, Mrs. T. Gill and Messrs. Horace and Bert Gill. Mrs. Lovegrove and children remained here during the week, while Mr. Lovegrove returned to Lethbridge.

E. Kilen, who has resided here during the baseball season, left for Lethbridge last week and will pitch the remainder of the season for that team.

#### Champion Wins Tournament

Champion is rejoicing to-day as the result of defeating Vulcan and Stavely at the Vulcan tournament on Wednesday, the first game by a score of 12-6 and the second by 10-9, and but for one badinning in each game the score would have been more decisive. The fact that Kilen, recently of Champion, pitched for Stavely added spice to the win in that instance.

The score, which follows, tells the tale:

	Champion	AB	R	H	PO	A	E
McIntyre	6	3	2	2	1	0	0
Siler	6	2	2	2	1	0	0
Thrall	6	2	4	3	6	0	0
Nelson	1	2	1	1	1	0	0
L. Walker	5	2	5	1	2	0	0
J. Walker	5	1	0	0	0	1	0
Palmer	5	0	0	2	0	0	0
Fisher	5	0	0	2	0	0	0
Ferguson	5	0	0	0	1	0	0
Totals	48	12	16	10	21	6	0

Vulcan

	Vulcan	AB	R	H	PO	A	E
Bushy	4	1	1	2	1	3	0
Vivian	5	0	1	1	3	0	0
Manning	5	1	0	1	0	0	0
Godfrey	4	0	1	0	2	1	0
Hamley	5	1	0	0	0	1	0
Lane	4	1	0	1	0	0	0
Severs	4	1	2	0	0	0	0
Reese	4	1	0	1	0	1	0
Vaughan	4	1	0	1	0	1	0
Totals	39	6	7	8	12	5	0

Stavely

	Stavely	AB	R	H	PO	A	E
Bouzyan	5	2	2	2	4	1	0

Totals	39	6	7	8	12	5	0

Batteries—Thrall, Siler and Nelson, and Severs; Kilen and Allen.

Umpire—Stewart.

In the last game Champion

scored the first six runs.

And then Stavely tied the score

with a one and five.

From that stage the game was a

thrilling one for the fans, a

run for the day, Nilsen, his

third to the day, and the game

in the ninth.

The crowd was small at both

games although there was a

fair attendance from Champion

at the evening game.

CHURCH BULLETIN

Rev. J. Lee announces the following

services for Sunday next, July 19:

11 a.m.—Sunday School.

3 p.m.—Service at Bllassen School

7:30 p.m.—Service at Champion.

All welcome at these services.

Geo. Mark, after attending

the Calgary stampede and

Medicine Hat, returned from the

latter point on Tuesday. He

was accompanied by Mrs. Mark,

who will visit friends in this

vicinity for a time.

The Alston picnic took place

on Friday beginning at one

o'clock. This event promises

to be well worth attending

as the programme is a good

one.

Mr. and Mrs. F. Lovegrove

and family were visitors here

on Sunday with the latter's

mother and brothers, Mrs. T.

Gill and Messrs. Horace and

Bert Gill. Mrs. Lovegrove and

children remained here during

the week, while Mr. Lovegrove

returned to Lethbridge.

Mr. and Mrs. Jas. Ellis are

enjoying themselves immensely

in Scotland, according to a

letter received this week by W.

Ellis.

If Champion had a crowd of

visitors as often as the citizens

visit elsewhere there would be

some compensation for the

stay-at-homes.

Frank Johnson, who spent

the summer at Kimberley, B.C.,

returned to Champion on Wed-

nesday and will remain here

during the fall.

E. Kilen, who has resided here

during the baseball season, left

for Lethbridge last week and will

pitch the remainder of the sea-

son for that team.

E. Kilen, who has resided here

during the baseball season, left

for Lethbridge last week and will

pitch the remainder of the sea-

son for that team.

Mr. and Mrs. Frank Hardisty

and wife, who were visitors here

on Sunday with the latter's

mother and brothers, Mrs. T.

Gill and Messrs. Horace and

Bert Gill. Mrs. Hardisty and

children remained here during

the week, while Mr. Hardisty

returned to Lethbridge.
